Overview

Social science research, which presupposes freedom of intellectual choice and opinion, is a luxury that a developing nation seldom encourages. India has not only encouraged it, but has done so with state patronage.

Following the independence of India in 1947, as part of our nation-building programmes, there were efforts to make social science a holistic knowledge system. India's problems were unique, yet the tools available to study them were all invented in the West, which did not always prove useful. A strong need was felt to make methodology relevant for the understanding of its social problems. The indigenisation of the social science became a necessity. Integrating our intellectual traditions with the forces of modernisation was a challenge that had its own positive and negative connotations. The state came forward with its interventionist role to take up the daunting task. It could not have been taken up by any other agency both for financial and logistical reasons.

On 12 December 1968, the Ministry of Education (now known as the Ministry of Human Resource Development), Government of India, established it as an

autonomous organisation. It was named Indian Council of Social Science Research (ICSSR). Its chief architects were Professor V.K.R.V. Rao, Professor D.R. Gadgil, Professor M.N. Srinivas, Professor P.N. Dhar, Dr S.K.Mitra, and Shri J.P.Naik. ICSSR was formally launched in May 1969. It was considered one of the biggest achievements of Indian democracy.

This is the 40th Annual Report of the Indian Council of Social Science Research (ICSSR) covering the period 1 April 2008 to 31 March 2009. The ICSSR's main deliberative body, known as the Council, has twenty-six members, which include a Chairman, eighteen Social Scientists, six representatives of the Government of India nominated by the Government and a Member-Secretary appointed by the ICSSR with the approval of the Government of India (Appendix-I).

The ICSSR Secretariat is headed by the Member-Secretary and has 44 officers (Appendix-2) and other officials. The Council's professional staff, apart from their official duties, have been academically active throughout and contributed a number of seminar papers and research reports.

The Council has apart from itself, five Standing Committees comprising members drawn from the Council and from outside (not more than three).

Table 1.1 shows the number of meetings of the Council, and its Standing Committees held during the year 2008 - 2009.

Research Promotion

Research Projects

Funding of the Research Projects is one of the important activities of Indian Council of Social Science Research. The programme encourages scholars to conduct research on any theme, which may have a significant contribution to the Social Science.

Statement of research projects sanctioned since inception till the year 2008-09, is furnished herewith in a tabular form in the Table 2.1 (a) and research projects sanctioned under North East Programme are given in the table 2.1 (b). During the period 2008-09 one hundred forty two (142) projects were sanctioned and thirty-five (35) reports of the projects sanctioned in the past in this category were received. Out of this eighteen (18) projects were sanctioned in the North East programme category and ten (10) reports of the projects sanctioned in the past in this category were received. The lists of research projects sanctioned and list of the project reports received during the year 2008-09 are given in the Appendix- 3.

Besides, Research Projects, an important and major activity of the Research Project Division is to provide funds for the **Research Programme Scheme**. During the year ICSSR revived its Research Programme

Scheme with some modification. Under this programme research proposals were invited from the institutions/group of institutions interested in carrying out a programme of research on given themes/thrust areas. The thrust areas/themes approved for the year under reference were as follows:

1. Globalisation and its impact
2. Development Equity & Inclusion
3. Crises and Response

The scheme is slightly different from the Research Project scheme as it is envisaged to undertake studies in a large scale with the involvement of a team of researchers/ coordinators. The work of the programme is to be directed by Principal Coordinator. In view of the magnitude of the work involved the maximum duration of the programme is also fixed as 3 years and Rs. 50 lakhs as the upper limit of the grant. Approximately 20 proposals were received under the programme for consideration. All these proposals were processed in the ICSSR through the mechanism set up by the Council. The Council sanctioned five major research programmes during the year. One major project under the scheme was sanctioned for National Election Study 2009. List of Research Programme sanctioned is given at Appendix 3.

National Fellowships

The Indian Council of Social Science Research, under its Research Fellowship Programme, has been offering National Fellowship on its own initiative to eminent social scientists who have made outstanding contribution in their respective fields of social sciences. The ICSSR has so far

awarded ninety-six National Fellowships. During the year under report five national fellowships were awarded and seven final reports were received.

Senior Fellowships

Senior fellowships of the ICSSR are awarded to such social scientists who have significant publications including books and/or

research papers to their credit in professional journals. These fellowships are also open to social workers, bureaucrats, journalists etc. The ICSSR has so far awarded four hundred twenty-seven senior fellowships. During the year under report seven senior fellowships was awarded and eighteen fellowship reports were received.

General Fellowships

General Fellowships (Post-Doctoral fellowship) of the ICSSR are awarded to young Social Scientists who have completed their Ph.D. degree and are interested in pursuing their research activities further. The ICSSR has so far awarded two hundred ninety-nine general fellowships. During the year under report twenty-three general fellowships were awarded and thirteen final reports were received.

Doctoral Fellowships

Doctoral Fellowships of the ICSSR are awarded to scholars who have a Masters

degree of a recognised Indian University with a first or second class and who are registered for a doctoral degree in social sciences. The ICSSR awards these fellowships through two of its schemes: (i) Centrally Administered Open Doctoral Fellowships and (ii) Institutional Doctoral fellowships. Under the former scheme, the ICSSR awards fellowship on its own, while under the latter the selected ICSSR institutes make selection on their own. The fellowship is awarded for a period of two years extendable by one year in exceptional cases. The ICSSR has so far awarded 1847 doctoral fellowships. During the period under report, 15 doctoral fellowships in north-east category and 42 institutional doctoral fellowships in open category were awarded. Statement of respective fellowships awarded yearwise may be seen from Table 2.2 to 2.4. The list of respective fellowships awarded and list of fellowship reports received during the year are given in the Appendix-4.

Documentation

The National Social Science Documentation Centre (NASSDOC) a constituent unit of the ICSSR was set up to provide library and information services to social science research community. It is considered to be one of the largest repositories of bibliographic databases in the area of social sciences.

Library Service

A total number of 6000 research scholars visited the library during the year. A large number of reference queries were answered on telephone, in person or through correspondence/e-mail/fax, etc.

Library Membership

During the period under report, total number of regular registered members of the library was forty-six. Two hundred and thirty-two users of the library consulted the following online bibliographic/indexing and abstracting databases to search relevant references on subjects of their study.

- DELNET database
- EconLit (1969 onwards)
- ERIC (1966 onwards)
- ISID online database

- International Political Science Abstracts (1989 onwards)
- LISA (1969 onwards)
- Sociological Abstracts (1952 onwards)
- Social Services Abstract (1979 onwards)
- Psyc. INFO (1806 onwards)
- JSTOR
- J Gate (Social and Management Sciences)
- J Gate (Library and Information Science)

Automatic Circulation System

A total number of 512 books were issued/returned to ICSSR staff members and other borrowing members through automatic circulation system based on Radio Frequency Identification (RFID) Technology.

Study Tours

The students of Library and Information Science and trainees from the following organisations visited the library as a part of their study tour/course programme.

1. A group of M.L.I.Sc. students from Department of Library and Information Science, Karnataka University, Dharwad.

2. A group of B.Lib.Sc. and M L I Sc students from Department of Library and Information Science, University of Delhi, Delhi.
3. Provided one month Internship to the groups of B. Lib. Sc. students of Jamia Millia Islamia from 11 December to 10 January 2009 and University of Delhi from 13 May to 12 June 2008.
4. Trainees from NISCAIR, New Delhi keep visiting the library many times in a year.

NASSDOC has introduced a one year apprenticeship programme for newly passed out library science diploma holders and graduates under the Apprenticeship Act 1961 of Ministry of Labour, Government of India. During the year, six candidates were recruited by NASSDOC under the scheme.

Acquisition of Books / Theses / Periodicals

During the year, 1156 documents that include 149 Ph.D. theses and 94 research project reports and two M Phil dissertations were added to the library collection. Approximately 528 periodicals were acquired by the library through subscription/exchange/ gratis. Out of these, 220 were subscribed and 225 journals were received under the exchange programme. In addition 19 daily newspapers and 13 popular magazines were subscribed for the readers. Eighty-six annual reports of Ministries and Departments of Government of India and various institutes were also added to the collection of the library.

Membership of Professional Bodies

Annual membership is acquired for International Federation of Library Associations and Institutions (IFLA), The Hague, Netherlands, DELNET (Developing Library Network), Indian Library Association (ILA) New Delhi, and Indian Association of Special Libraries and Information Centres (IASLIC), Kolkata.

Photocopy Service

As many as 92,186 pages of photocopies were supplied on request to scholars and officials of the ICSSR for their academic work.

Study Grant/Grants-in-aid Scheme

During the year study grant was awarded to 31 Ph D scholars. Out of 31 study grantees, 17 scholars actually availed this grant. As regards grants-in-aid for organising seminars/workshops, 19 applications were processed in the NASSDOC.

Bibliographies Compiled

During the year under report, 142 short and select bibliographies on various topics related to social sciences research were compiled and supplied to research scholars and ICSSR officers on the basis of requests received from them.

In house, database has been created using CDS/ISIS/WINISIS software to store these compiled bibliographies. The database can be searched by author, subject, year, journal and title of the bibliography. The database has approximately eleven thousand bibliographical records which includes journal articles, books, research reports and theses.

Literature Search Service

During the year NASSDOC provided this service to 152 scholars and institutions. Abstracting/indexing databases on social sciences were searched and results were sent to research scholars and academicians on the basis of request received from this paid service.

Serial Publications

1. *Accession List*: No. 2-4 (April – December) 2008 and No.1 January-March 2009.
2. *Conference Alert* : No. 2-4 (April – December) 2008 and No.1 January-March 2009.
3. *Doctoral Dissertation Abstracts* (2005).

Workshops/Seminars

NASSDOC organised the following workshops/seminars under the Continuing Education Programme:

1. National Workshop on 'Trends in Library and Information Science Research' at Guwahati University from 17 to 21 April 2008.
2. 'Open Source Library Software Management System', University of Delhi from 2 to 6 June 2008.
3. 'UN Depository Libraries: Best Practices for Handling UN Documentation' at NASSDOC, New Delhi from 11 to 12 September 2008.

4. 'Developing Subject Portals for Resource Harvesting in Social and Allied Sciences' at IIPA, New Delhi from 29 September to 1 October 2008.
5. 'Developing Information Technology Literacy Skills among Social Science Information Users' at NKCCDS, Bhubaneswar from 9 to 11 February 2009.
6. 'Management of E-Resources with Special reference to Social Sciences' at Shillong from 19 to 20 March 2009.
7. National Workshop on 'Creation of Institutional Repository/Digital Library' at IEG, New Delhi from 19 to 20 March 2009.

Besides organising workshops, NASSDOC provided grants to TERI for organising the workshop on 'Future Libraries Advanced GSDL and RFID' at TERI, New Delhi from 14 to 16 January 2009.

Lecture

'Information Services to the Member of Parliament', by Dr R K Chadha, Joint Secretary, Parliament Library on 23 May 2008.

Sales Unit

ICSSR participated in 23rd Guwahati Book Fair, Guwahati from 31 December to 11 January 2009.

Research Survey and Publications

ICSSR Journals of Abstracts and Reviews

The ICSSR has been publishing its *Journals of Abstracts and Reviews* biannually in the disciplines of Geography, Economics, Psychology, Political Science, and Sociology & Social Anthropology, containing the abstracts and reviews of the published research work. The following journals were published during the period under report:

1. *ICSSR Journal of Abstracts and Reviews in Political Science*, Vol. 32, No.1&2 (January-December 2005), UBS Publishers' Distributors Pvt. Ltd., New Delhi.
2. *ICSSR Journal of Abstracts and Reviews in Economics*, Vol. 5., No. 1&2 (January - December 2002), UBS Publishers' Distributors Pvt. Ltd., New Delhi.
3. *ICSSR Journal of Abstracts and Reviews in Economics*, Vol. 6., No.1&2 (January- December 2003), UBS Publishers' Distributors Pvt. Ltd., New Delhi.

The ICSSR has taken a policy decision for inclusion of abstracts and reviews of literature in Management in the Indian

Institute of Management's journal entitled, *Vikalpa: The Journal of Decision Makers*, instead of publishing a separate journal. The journal is published quarterly and during the period under report, *Vikalpa: The Journal of Decision Makers*, Vol.32, No.4 (October-December 2007) and Vol.33, No.1-4 (January-December 2008) was published.

The ICSSR while reviewing the programme, decided to commence a new digitalised series of these journals from the year 2008. An Editorial Advisory Committee has been constituted to oversee the work of digitalisation and bring out the future issues of the *ICSSR Journal of Abstracts and Reviews*.

Research Survey Programme

The ICSSR since inception has undertaken the task of surveying academic developments in the selected social science disciplines through its Programme of Surveys of Research. The core objective of the survey work has been to have a comprehensive overview of research undertaken during a specified period, involving stock-taking of what has been achieved in the discipline in terms of theory, methodology, empirical evidences

and gaps which need to be prioritised for future research agenda.

The reports of the research surveys relating to the period 1998-2002 in the disciplines of Geography, Psychology and Sociology & Social Anthropology have been published by Pearson Education, New Delhi.

The ICSSR is committed to conduct and document the next round of surveys, however, with paradigm shifts in the orientation and perspective in conduct of the comprehensive coverage. The proposed surveys may be centered around important themes rather than the disciplines, to be brought out as the ICSSR Monographs on surveys of research on the specified themes and the survey exercise is proposed to be conducted by a selected institute/organisation having specialisation on the study theme. The Editorial Advisory Committee on Research Survey has been constituted to oversee the work of the next round of the proposed Surveys of the ICSSR.

Vikram Sarabhai Memorial Award and Lecture

The Vikram Sarabhai Memorial Lecture is a collaborative venture of the ICSSR and Vikram Sarabhai Foundation that envisages to stimulate intellectual curiosity and innovative thinking on the issues of interface between science, society and development. The annual lecture series seeks to honour an eminent personality who has made an outstanding contribution to research in *physical sciences and social sciences* for fostering the welfare of society at large, in keeping with the philosophy and vision of Dr Vikram Sarabhai.

Dr P.Bhargava, Chairman, Council for Social Development, Hyderabad and Founder Director, Centre for Cellular and Molecular Biology, Hyderabad delivered the Annual Vikram Sarabhai Memorial Lecture on 'Science and Art: A Critique of Aesthetic Experience' on 7 August 2008 at India Islamic Cultural Centre, New Delhi. The lecture was attended by academicians, policy makers, and scholars from Delhi and neighbouring places.

Planning and Coordination

The Planning and Coordination Division of the ICSSR, through a number of programmes and activities, is engaged in promoting social science research in order to help social scientists to meet their research needs. These schemes *interalia* are: setting-up of a network of socio-economic data banks, coordinating institution based guidance and consultancy services in data processing, sponsoring training courses in research methodology and computer applications in data processing and providing financial assistance to conduct seminars, conferences and workshops by academic bodies, institutes and university departments.

Guidance and Consultancy Services in Data Processing

Under the scheme of Guidance and Consultancy Services in Data Processing, social science researchers are provided guidance on topics of their research and help to tackle their data processing problem. The scheme provides help in formulation of research problem, sampling design, construction of research tools for data collection, devising code books, evolving analysis plan as per the

research questions and statistical analysis of data with the help of computer. Twelve research institutes located at different parts of the country are extending these facilities to scholars near their place of work. During the year nineteen scholars availed of these services offered under the scheme. Some scholars visited the centres more than once to complete their research work. A list of the institutes participating in this programme can be seen in Appendix-6 and list of scholars who have availed of these facilities during the year is given in Appendix-7.

Training Courses

The ICSSR sponsors short-duration training courses in research methodology and computer applications to upgrade research skills of young researchers and those who are interested in taking up empirical social science research. These courses are organised in different parts of the country by premier research institutes and university/college departments with the financial support of the ICSSR. During the year the ICSSR sponsored nineteen training courses in research methodology and computer applications in social sciences and data processing.

The list of training courses sponsored during the year may be seen in the chapter 'Other Programmes'

Seminars

The ICSSR provides partial financial assistance to research institutes and college/university departments for organising seminars, conferences and

workshops in different disciplines of social sciences covering current debates and issues related with social, psychological, economical, political aspects of human behaviour and society. During the year the Council sponsored forty-eight seminars. The list of these seminars may be seen in the chapter 'Other Programmes'.

International Collaboration

The International Collaboration Programme of the ICSSR provides an opportunity to both Indian and foreign scholars in the field of social science to interact and research. This programme has cultural exchange agreements with MSH, Paris; Chinese Academy of Social Sciences, Beijing; Russian Academy of Sciences, Moscow. The ICSSR has also established during the last couple of years social science bilateral collaboration with a number of organisations abroad, namely Economic and Social Research Council, Netherland Scientific Organisation, National Research Council Thailand, The Academy of the Social Sciences in Australia, Canberra. The concerned organisation implement activities such as exchange of scholars, joint seminars, joint projects, exchange of books and periodicals etc. During the year following activities were executed.

India-France Cultural Exchange Programme

The ICSSR and the Maison Des Sciences de L'Homme (MSH), Paris has collaborative relations in the field of social sciences under the India-France Cultural Exchange Programme. Exchange of scholars is one of the activities under this

programme. Both sides implement nine person months for exchange of scholars, organise one seminar every year and hold an annual joint Advisory Committee meeting. During this period the following activities were undertaken:

Exchange of Scholars

From French side

1. Dr (Ms) Amelie Robine, 15, Rue des Boulets, 75011 Paris, France visited India from 14 July to 7 August 2008 in connection with her research work on 'Pharmaceutical Technology Acquisition of Antiretroviral in India'.
2. Professor Frederic Landy, Department of Geography, University of Paris 10, 200 Avenue de La Republique, 92001 Nanterre Cedex, France visited India from 27 January to 12 February 2009 in connection with his research work on 'City Forests: A Comparative Study between India, Brazil and France'.
3. Dr (Mrs) Violette Graff, MSH, Paris, France visited India a period of 30 days starting from 2 February 2009 in connection with her research work.

From Indian Side

1. Dr Vivekananda Mukherjee, Department of Economics, Jadavpur University, Kolkata visited Paris, France for a duration of one month starting from 19 May 2008 in connection with his research work on 'Adoption of Bt seeds in Developing Countries'.
2. Dr Ajit Menon, Madras Institute of Development Studies, 79, 2nd 37-53 Main Road, Gandhinagar, Adyar, Chennai-600020 visited Paris, France for a duration of one month starting from 12 June 2008 in connection with his research work on 'Forest Policy, Rural Forests and Sustainable Development in India: A Conceptual and Field Exploration'.
3. Dr Manoj Kumar Agarwal, Reader, Department of Economics, University of Lucknow, Lucknow visited Paris, France for a duration of one month starting from 31 August 2008 in connection with his research work on 'Deficiency of Demand for Development: A Study of the Rapidly Growing Indian Economy'.

Research Institutes

Background:

THE Indian Council of Social Science Research provides maintenance and development grants to 26* research Institutes. Sponsoring of Research Institutes outside the scope of the University Grants Commission has been one of the major programmes of the Council in enlarging the base of social science knowledge, improving the quality of research, and promoting an interdisciplinary perspective. These institutes constitute an important mechanism for implementing the Council's policy of dispersal of research talents and building up of research capabilities in the different regions of the country, particularly in the areas where social science research is not yet well developed.

The Research Institutes have established close links with the scholars in the region as well as elsewhere through various activities such as seminars, workshops and training and consultancy programmes. Some of the institutes are closely associated with national and state level planning and development agencies, and have thereby strengthened the links between research and policy making.

Each Institute determines its own direction of research, which includes a wide spectrum of subjects related to agricultural and rural development, industrial structure and growth, income distribution and poverty, employment and wages, inter-regional differences in levels of development, education, health, nutrition, problems of weaker sections of society including women, energy, technology, ecology and environment, and social, cultural and institutional aspects of development. Thus, research studies have generated substantial empirical knowledge of the structure of Indian economy, polity and society and their dynamics both at the national and regional levels.

During the last five years 1556 research projects have been completed by the institutes, while 1923 are ongoing. These cover a wide spectrum of issues relating to areas that are already mentioned above. What is more significant in these efforts is that they are not only interdisciplinary in character, but also focus on regional and local problems. In this process, they have become centres of research for the region's specific issues and have greatly contributed

* Gandhian Institute of Studies, Varanasi has been deregistered by the District Court, Varanasi and therefore not eligible to receive grant as per rules.

to an awareness of the nature of development problems and potential of the country as a whole. In terms of publications, the institutes have brought out 592 books and 1015 working papers during the last five years.

Another important activity, that has been given importance by the ICSSR, is the training of young social scientists by the research institutes through M.Phil. and Ph.D. programmes, and workshops and seminars. During the last five years, one hundred twenty-seven Ph.Ds. have been produced and seven hundred seventy-seven scholars have been working on their Ph.D.

The ICSSR can legitimately take pride in its role in promoting the research and training efforts made by the research institutes. Three hundred fourteen projects were completed in these institutes during the year under report. The total number of ongoing studies at the end of the year was four hundred four-five.

Research institutes disseminate the results of their research studies in the form of published books/monographs/working/occasional papers etc. During the year, sixty books, five monographs, one hundred twelve working/occasional papers and seven hundred fifty-five articles/research papers were published.

The institutes also undertake training of young social scientists and assist fresh researchers in designing and conducting their research. To this end, doctoral fellowships have been provided to these institutes. Some of the institutes have been assisting in teaching and training programmes for M.Phil. and Ph.D. students. In addition, as per the Council's policy, they participate in postgraduate teaching, research guidance in the

universities and also involve the university teachers in their research programmes. One hundred sixty-three scholars are pursuing their doctoral work and twenty-six were awarded Ph.D. degree. Twenty-seven scholars submitted their doctoral dissertations. One thousand two hundred fifty-one seminars/workshops/conferences / training programmes were held during 2008-09.

Other Programmes

Apart from creating and maintaining infrastructural services for social science research at its Headquarters in New Delhi and at Regional Centres, and helping the research institutes in this regard the ICSSR undertakes research promotional work both directly and in an indirect manner. Directly, it is done through schemes of various research grants and fellowships, organising seminars, training courses, workshops, minority affairs programme and so on. Indirectly, the ICSSR promotes research by giving financial help to university departments, institutions, and voluntary organisation that do not come in its regular programme of financial assistance, for organising seminars and workshops on one time basis. Such conferences, congresses, seminars, and workshops and the grants sanctioned to them are reported under the heading 'Other Programmes' of the ICSSR.

Minority Affairs Programme

Baseline Survey of Minority Concentration Districts (MCDs)

The Ministry of Minority Affairs (MMA), GOI had approached ICSSR in June 2007 to assist it in carrying out a baseline survey of relative backwardness in identified

Minority Concentration Districts, and to develop strategies and programmes for multi-sector development of these districts.

The Survey work was undertaken by the following Institutes and Universities:

1. The Centre for Studies in Social Sciences (CSSS), Kolkata,
2. The Giri Institute for Development Studies (GIDS), Lucknow,
3. The OKD Institute for Social Change and Development (OKDISCD), Guwahati,
4. Institute for Human Development (IHD), New Delhi,
5. Jamia Millia Islamia (JMI), New Delhi, and
6. The Aligarh Muslim University (AMU), Aligarh.

The work under this programme has been overseen by two Committees – a “Steering Committee” to approve all financial matters and to oversee the implementation of the programme; and an “Expert Committee” to finalise the methodology (sample and survey design), contents of the questionnaire and analysis plan, and other academic matters related to the survey.

The survey work began in November 2007 and all the 89 draft district baseline reports have been submitted. Evaluation of the reports has been completed and the comments have been sent to the respective Institutions/Universities for revisions so that they could be revised and made available in the public domain for further research and analysis. So far we have received 60 revised reports from Giri Institute of Development Studies (GIDS), Lucknow, Omeo Kumar

Das Institute of Social Change & Development (OKDISCD), Guwahati and Centre for Studies in Social Sciences (CSSS), Kolkata

Meetings

1. A meeting on 6 May 2008 was convened by the ICSSR Member Secretary to discuss the status of the Baseline survey work, other related issues, and ways to make the reports relevant and useful for drawing up multi-sector district development plans as desired by the MMA.
2. A meeting was convened by the Secretary, MMA, New Delhi on 12 May 2008 to discuss the survey work and dates of state-level workshop with the State Secretaries and the Research Institutes engaged in the work. It was decided that the research institutes would present the survey reports at state level workshops to sensitise the state and district authorities about the development gaps and ways to make the multi-sector district development plans effective.
3. A Steering Committee meeting was convened by the ICSSR Member Secretary on 14 August 2008 to discuss the overview of the Baseline survey work, other related issues of the survey work, and ways to make the reports relevant and useful for drawing up multi-sector district development plans with focus on overcoming the development deficits in 8 identified areas. It is emphasised that the survey report are rich in data and should be available in the public domain for further research and analysis by the academic community.

Meetings for Multi Sector Development Plans

During the year ICSSR participated in twelve meetings of the Empowered Committee of the Ministry of Minority Affairs, New Delhi. The meetings were held on 25th August; 9th & 29th September; 14th October; 21st November; 5th, 12th, 19th & 30th December 2008; and 2nd, 16th & 27th February 2009 respectively to consider and approve the Multi Sector Development Plans for the surveyed Minority Concentration Districts.

Plans for the following 48 districts were approved:

Uttar Pradesh : Kheri, Barabanki, Bareilly, Muzaffarnagar, Bijinor, Baghpat, Sidharth Nagar, J.P. Nagar, Shahjahanpur, Bulandshar, Rampur, Balrampur, Saharanpur, Ghaziabad, Badaun, Bahraich and Moradabad.

West Bengal : Birbhum, Malda, Burdhaman, Murshidabad, Haorah, Nadia.

Assam : Kamrup, Barpeta, Darrang, Bongaigaon, Goalpara.

Haryana : Sirsa, Mewat.

Manipur : Chandel, Churachandpur, Tamenglong, Senapati, Ukhrul, Thoubal.

Bihar : Katihar, Darbhanga, Araria, Sitamarhi, Purnia, Purba Champaran, Kishanganj.

Meghalaya: West Garo Hills.

A&N Island : Nicobar.

Jharkhand: Sahibgunj, Pakur.

Orissa: Gajapati.

In these meetings the Chairman of the Empowered Committee Shri M.N.Prasad

and Shri Vivek Mehrotra, Secretaries, Ministry of Minority Affairs explained the background for identification of Minority Concentration Districts (MCDs) and the formulation of the Multi sector Development Programme (MsDP) in order to address the development deficits in these districts. The Chairman also pointed out that the Baseline survey is aimed not only to update the relevant parameters used for identification of such districts, but also to rank the deficits in order of deficits.

State-Level Workshops

Assam Workshop

The OKDISCD, Guwahati organised the Assam state level workshop to discuss the survey reports, the major findings, and policy recommendations on 6 June 2008. The Additional Chief Secretary, Assam, the Joint Secretary MMA, the district collectors, and the Member Secretary & Deputy Director / Coordinator, Minority Programme, ICSSR participated. The findings of the Survey were presented by Mr Joydeep Baruah of the OKDISCD and this was further elaborated by Prof. Bhupen Sarmah of the Institute. The district plans were presented by the district authorities and was followed by discussion on the multi-sector development plans. The Joint Secretary, MMA, the Addl. Chief Secretary, and the Member Secretary, ICSSR addressed the meeting.

UP Workshop

A State level workshop to discuss the Base line Survey Reports and Multi Sector Development Plans was held on 14 July 2008 at Lucknow. Almost all the District Magistrates of the concerned districts were present with their CDOs Secretaries/ Special

Secretaries, other officials from various departments. The faculty of the Giri Institute of Development Studies (GIDS) was also present. The executive summary reports of all the 19 district reports prepared by the Giri Institute of Development Studies were placed for discussion at the workshop. The methodology for conducting the survey was explained, and the results of the survey regarding literacy /female literacy rate, work participation rate/ female work participation rate, households with pucca houses, households with electricity, households with sanitation facilities, households with safe drinking water, etc., were presented. The survey reports on Meerut and Ghaziabad were also presented at the workshop by Prof. Abdul Waheed of Aligarh Muslim University. The district plans were presented by the Districts Magistrates of Bareilly, Barabanki and Lakhimpur Kheri. This was followed by discussion on the multi-sector development plans.

Kolkata Workshop

The West Bengal State-level workshop was held on 14 July in Kolkata to discuss Multi Sector Development Plan for the Minority Concentration Districts on the basis of the district survey reports prepared by the CSSS, Kolkata. The workshop was attended by the Chief Minister of the State, Shri Buddhadeb Bhattacharya. Prof. Marjit, Director, CSSS, Kolkata, presented the survey findings of five districts—Malda, Murshidabad, Burdwan, Birbhum and Nadia. During the discussions a participant enquired the reason for the survey covering one non-minority concentration village. The CSSS pointed out that this was done to examine whether there was any difference in development levels within the same district because of

community composition. This was followed by presentations by the district authorities of multi-sector development plans for four of the districts (Malda, Murshidabad, Burdwan, Birbhum) drawn up on the basis of the survey reports. Presentations were also made by the Principal secretaries/ nodal officers of all relevant development departments such as power, panchayat and rural development, municipal and urban development, school education, technical education and training, health and family welfare, women and child development, public health engineering, etc.

Bihar Workshop

A workshop on Baseline Survey and Multi Sectoral Development Plan of the Minority Concentrated District in Bihar was organised jointly by the Institute for Human Development (IHD), Indian Council of Social Science Research and Department of Minority Welfare, Government of Bihar on 26 July 2008. The workshop was attended by a large number of academics, NGOs, activists, government officials, members of Minority Commission and Prime Minister's 15-point commission. The DC and DDC of the seven minority concentrated districts of the State also participated in the workshop. The preliminary findings of the survey were presented by Dr Ashok Pankaj, Senior Fellow/Principal Researcher, IHD. He said that as per the survey findings, there are three main developmental priorities in these districts: electricity connection; sanitation and pucca houses. Similarly, there are three priorities in development of socio-economic indicators: female literacy; female work participation rate and health facilities. He also outlined the development plan for the concerned seven districts and suggested

an action plan for the preparation of multi-sectoral development of districts. The district officials of the seven minority concentrated districts of the state also expressed their views in this workshop. While appreciating the results of the draft report of the survey they also provided some supplementary information, to be incorporated in the survey.

Manipur Workshop

The Manipur State-level workshop was held on 4 August 2008 in Imphal to discuss survey reports prepared by the OKDISCD, Guwahati, and the multi-sector development plans for these districts prepared by the district authorities. It was organised by the OKDISCD, Guwahati, and the Ministry of Minority & Backward Class, Imphal, and was attended by district and state officials. The OKDISCD, Guwahati presented the survey reports of six districts identified as MCDs in the state: Churachandpur, Ukhrul, Thoubal, Tamenglong, Senapati, Chandel. This was followed by a discussion on the findings. Unfortunately, the districts authorities were not ready with their district development plans. Only a broad outline of the plan for Chandel district was presented.

Maharashtra Workshop

The state level workshop of the Baseline Survey findings of Maharashtra districts was held at Mumbai on 24 September 2008. The objective of the workshop was to share the key findings of the survey. The Institute for Human Development, the Maharashtra state Ministry of Minority Affairs (MMA), and the ICSSR together organised the meeting. The Institute for Human Development (IHD) undertook the survey

in the four districts of Buldhana, Washim, Parbani and Hingoli and identified the key development gaps in these districts. Key officials from all the four districts and the state government members of the Minorities Commission and the Maulana Azad Financial Corporation for Minorities, as well as representative from Ministry of Minority Affairs, New Delhi attended the meeting. The Director, Ministry of Minority Affairs, New Delhi explained the background and purpose of the survey and how/why the survey findings are critical for the development of the districts. He stressed that the districts should overcome the development problems highlighted in the survey and assured that the Ministry will process the district plans in a short time once they are ready. In their speeches the Chairpersons of Minorities Commission and the Maulana Azad Financial Corporation highlighted the various schemes for the minorities in the state, such as educational scholarships and financial assistance for self-employment activities. The Secretary, Education, the Secretary, Employment and other officials provided a status review of development programmes aimed at improving conditions of minorities in the concerned districts. A member of the Minorities Commission commented on the validity of this study, since, he felt it has not covered some areas that have high percentage of minority population. Some of the participants mentioned that the study on minorities conducted by Balachandra Mumgaikar gives a different picture. Further, some questioned the identification of Buddhists as minorities in Maharashtra and argued that funds under the minority schemes should only be used for development of the Muslims. This was of course quite against the understanding of

the programme, which focuses on the development of all MCDs and does not differentiate between various minority communities in the country. Despite the official statements about ongoing efforts, the survey reports presented by IHD found that the key deficits in all the four districts to be the lack of safe drinking water, sanitation and housing. The access to electricity, health services, employment and education were also poor. Many of the participants felt education should receive a higher priority than has been given in the survey reports. The district officials were asked to prepare the district development plans based on the survey findings and present it to the State Ministry for early approval. In case they wanted a different set of development priorities that would have to be justified.

Kerala Workshop

The Kerala State-level workshop was held on 17 October 2008 in Wayanad to discuss the survey report and the Multi Sectoral Development Plan (MSDP) for Wayanad District. It was jointly organised by the Institute for Human Development (IHD), New Delhi, the ICSSR and the State Government. The local MLA, the Zilla and other Panchayat Presidents, representatives of NGOs and civil society, and state officials attended the workshop. Prof. T C A Anant, Member-Secretary, Dr Sanchita Dutta, Deputy Director from ICSSR and Dr Ashok Pankaj and Mr Upendranath from IHD participated. Welcoming the participants, the district collector emphasised that MSDP is an opportunity for the district to overcome the backwardness in some of the basic indicators such as drinking water supply and sanitation, especially in hamlets that are remote and inhabited by tribals and

minorities. The local MLA, Mr Krishna Prasad said tribals and Muslims in the district are backward compared to the other communities. He observed that the focus of development should be on habitations that have not been served so far and the priorities need to be re-looked in case of Wayanad. For the success of the plan, he said, capacities of the government officials and implementation mechanism are important and to a great extent the success depends on the bureaucracy. The survey findings emphasised that in Wayanad the tribal communities are deprived of several basic services. Water supply, female work participation (and general work participation), and sanitation are key problems. Tribals and Muslims are backward as far as health and education are concerned. Dr Ashok Pankaj emphasised the need to take up a review of existing schemes related to basic infrastructure development. Initiating the discussion, MLA Mr Krishana Prasad observed that the priorities set out in the baseline survey are broadly similar to the generally perceived development gaps in the district and it is necessary to examine why existing programmes are not working to their potential. It was agreed that the district collector would call a meeting of all presidents of panchayats for developing the MSDP so that a comprehensive plan can be developed.

Karnataka Workshop

The Karnataka workshop to discuss the Baseline Survey reports on the Gulbarga and Bidar districts and the MSDPs was organised in Bangalore by the IHD, ICSSR and the Minority Welfare Ministry of Government of Karnataka on 18 October 2008. Prof. Alakh N. Sharma, Director, IHD pointed

out that the process of survey was done with the support of local officials and field staff and the faculty of the Karnataka University. Prof. T C A Anant, MS, ICSSR observed that the survey was needed since the MSDP would be based on identified development gaps. The Minister for Minority Affairs, Karnataka, Mumtaz Ali Khan traced the historical backwardness of both the districts, and said the state is trying to address infrastructure gaps and overcome regional imbalances, especially in North West Karnataka. He said basic services such as girls' education, sanitation and health are important for human development and MSDP should cover gaps in these areas. Dr Chaya Degoankar, lead researcher from the IHD team, presented the findings and provided background information on the districts. She pointed out that historical factors for backwardness of the region are still continuing and the districts lag behind in girls' education, sanitation, water and electricity supply. While work participation is better, conditions of work, minimum wages, and child labour are key problems. The districts also have poor health and nutrition indicators, low immunisation as well as inadequate hospital deliveries. Dr Ashok Pankaj, Senior Fellow, IHD outlined the procedure to be adopted for developing MSDP. He pointed out that based on local priorities, the list of interventions identified in the reports can be modified. Several scholars provided valuable inputs to the workshop and observed that a war footing effort is needed for the development of backward districts. Several district planning officials, heads of departments from the districts, civil society representatives, wakf committee members and other prominent persons participated in the discussions. Concluding the

discussions, the Secretary Department of Minority Welfare, Karnataka, Mr Mohammad Sanaullah said the district administrations would take the lead in preparing the plans and the ministry officials would provide all necessary support.

Jharkhand Workshop

The State workshop on Baseline Survey and Multi Sectoral Development Plan of the Minority Concentrated District in Jharkhand was organised jointly by the Eastern Regional Centre of the IHD, New Delhi, the ICSSR and the Department of Welfare, Jharkhand in Ranchi on 24 October 2008. The workshop was Chaired by Sri U. C. Nigam, Special Secretary, Department of Welfare and was attended by a large number of academics, NGO representatives, activists and officials, including the officials from the six districts surveyed — Ranchi, Khunti, Gumla, Simdega, Pakur, Sahibgunj. Two of the districts— Khunti and Simdega — were formed after 2001 census. Simdega was surveyed separately while the survey of Ranchi District included Khunti as well. At the beginning of the workshop Dr Alakh N. Sharma, Director IHD, informed the delegates and participants the way the survey was conducted. Dr Sanchita Dutta, Deputy Director, ICSSR informed the participants of the way the survey is going to help in the formulation of the MSDP and thus benefit the people of the districts in general and the minority community in particular. Shri Ashish Joshi, Director, Ministry of Minority Affairs, Government of India, talked about the way the MSDP of the districts can be formulated using the baseline survey and the priorities identified in it. The findings of the survey were presented by Dr Harishwar Dayal, Director, Eastern Regional Centre of

IHD. There are four major development gaps in these districts: drinking water, electricity connection, sanitation and pucca houses. Similarly there are three main deficits in socio-economic indicators: female literacy especially beyond elementary level, health facilities and quality employment. Dr Ashok K. Pankaj, Senior Fellow, IHD, Delhi outlined a framework for the multi sectoral development plan for the five districts and suggested ways in which the district officials can prepare MSDP of their districts. The officials of the six districts (four old and two new) and the officials of the Department of Rural Development also expressed their views. They appreciated the findings of the survey and promised to prepare the MSDP using the results of the survey. Some of the participants stressed the need of to improve education facilities and improving job opportunities for the minority community. While giving his concluding remarks the Chairperson Shri Nigam stressed the usefulness of such a study. He requested the district officials to prepare the plan within 15 days and send it to the Department of Welfare to be forwarded to the Central MMA in time. He said the newly formed Khunti and Simdega districts will prepare separate plans and their mother districts, Ranchi and Gumla respectively, would share the expenditure.

Uttaranchal Workshop

The workshop on Baseline Survey and Multi Sectoral Development Plan of the Minority Concentration Districts in Uttaranchal was organised jointly by the IHD, the ICSSR and the Welfare Department of Government of Uttaranchal in Dehradun on 2 December 2008. Manisha Panwar, Principal Secretary Welfare Department Uttarakhand, Ashish

Joshi, Director, Ministry of Minority Affairs, Government of India, Sanchita Dutta, Deputy Director, ICSSR and R P Mamgain and Ashok Pankaj, Senior Fellows from the IHD, Delhi participated. Senior officials of concerned department of Uttaranchal and the two districts surveyed —Hardwar and Udham Singh Nagar— were also present in the workshop. Ms Panwar, spoke about the various minority welfare programmes of the Uttarakhand Government. Shri Ashish Joshi presented the guidelines of the Ministry of Minority Affairs and requirement of the Ministry for the submission and approval of the MSDP. Dr Sanchita Dutta explained the survey's purpose and design. She said it is clear from the survey that much work is needed in the two rural districts in order to significantly step up work participation and job creation, especially for women. Better education and training facilities are needed to change the condition of the poor and the minorities. Dr R P Mamgain described the findings of the baseline survey. He said that development of basic amenities should be given highest priority. In the socio economic sector female literacy beyond elementary level, health facilities and quality employment needed attention. Dr Ashok Pankaj explained the method for preparing the MSDP of the two districts as per the guidelines of the Ministry and findings of the survey. Several queries were raised by the district officials regarding the method of preparation of the plan, which were answered.

Mizoram Workshop

A one-day workshop on the findings of the Baseline Survey in the districts of Mamit and Lawngtlai and preparation of Multi Sector Development Plan (MSDP) was jointly

organised in Aizawal by Institute for Human Development (IHD), Indian Council of Social Science Research (ICSSR) and Social Welfare Department of the Mizoram Government in Aizwal on 5 February 2009. The workshop was inaugurated by Mr P. C. Lalthanliana, Hon'ble Minister, Social Welfare Department, Government of Mizoram and attended, among others, by Ms B. Sairengpuii, Secretary, Social Welfare Department, Government of Mizoram, Shri Ajay Kumar Srivastava, Under Secretary, Ministry of Minority Affairs (MMA), Government of India, Dr R P Mamagain, Dr Ashok Pankaj and C Upendranadh, Senior Fellows from the Institute for Human Development (IHD) Delhi. The workshop started with the welcome address of Ms B. Sairengpuii, Secretary, Social Welfare Department, Government of Mizoram. She explained the purpose of the workshop to the participants. In his inaugural address, Mr P. C. Lalthanliana, Hon'ble Minister, emphasised the need for rapid development of the two districts, particularly Lawngtlai on the border of Myanmar and one of the most backward districts of the state. Shri Ajay Kumar Srivastava, Under Secretary, MMA presented the guidelines of the minority affairs department and the requirement of the Ministry for the submission and approval of the MSDP. Dr R P Mamagain explained the design and findings of the baseline survey. Dr Ashok Pankaj explained the method for preparing the MSDP of the two districts as per the guidelines of the Ministry. The district officials sought some clarifications regarding the preparation of MSDP, which were addressed. The workshop was found to be very useful by all the participants.

North East Studies Monitoring Programme

The Northeast Studies Monitoring Committee held its meeting at the ICSSR on 22 October 2008. The members of the Committee are: Prof. Javeed Alam (Chairperson, ICSSR), Prof. TCA Anant (Member Secretary, ICSSR), Prof. Mrinal Miri, Prof. Apurba Baruah, Prof. Udayon Misra, Prof. Atul Sarma. The Committee members expressed their concern about the small number of research proposals and fellowship applications received and even lower numbers finally approved for funding by the Council.

The members felt that the Council needs to undertake new measures to improve both the number and quality of research proposals and fellowship applications received from the region. Four decisions were taken in this regard:

1. *Strengthening of the Outreach programme of the Council in the Northeast Region*: The Committee felt that it is important to enhance awareness about the ICSSR's programmes in the Universities and Colleges of all the States in the Northeast. For this it needs to go beyond advertising on its website and reach out to the scholars. It was suggested that some prominent regional scholars be identified to serve as nodal persons. These experts would travel to Colleges and Universities to interact with the teachers and research scholars. A suitable honorarium would be provided to such nodal persons.
2. *Setting up of an ICSSR School for doctoral scholars*: In order to raise the

quality of research and applications for fellowship the Committee suggested that the ICSSR set up a School that will undertake guidance in Research Methodology and Design. The School will hold 2-3 week programmes in all the States of the Northeast. Well-known regional, national and international scholars would be invited to give lectures to selected scholars in the social sciences.

3. *A post-doctoral proposal Writing Workshop* for the region's younger scholars for conducting pilot studies

on the northeast with allocations up to Rs. 50,000. The Council will hold research methodology and proposal writing workshops so that better project proposals for funding are submitted. This would be targeted at teachers and research scholars below 45 in the Colleges and Universities.

These programmes would be conducted through the Northeast Regional Centre (NERC), Shillong and Omeo Kumar Das Institute of Social Change & Development (OKDISCD), Guwahati with active coordination and monitoring by ICSSR, New Delhi.

ISID Social Science Database on the UGC Infflibnet

Since 1999 the Institute has been maintaining the Website <<http://isid.org.in>> or <<http://isidev.nic.in>> to provide access to the databases and Research Reference Indexes to more than 135 Indian Social Science Journals and major English daily press. The University Grants Commission (UGC) supported this activity initially for three years by way of providing a grant during the Ninth Plan and part of the Tenth Plan period. During this period, the scope and coverage of the website was enhanced significantly. The website proved to be popular among the academics and others in India and abroad. ISID Social Science Database has now been included in the UGC's Information and Library Network (INFLIBNET) with financial support for

maintaining and updation of the databases during the XI Plan period. This will add a new dimension to the INFLIBNET in terms of social science coverage.

Research Infrastructure

New Databases

The ISID has been trying to meet the data requirements of researchers in the area of developmental and industrial processes with special emphasis on technology and capital transfers, international trade, labour and employment. The range of coverage and variety of databases at the ISID are being continuously enlarged and updated. The following new databases have been added recently:

Unit level NSSO data on CD-ROM for the period from 1983 to 2005–06;

Annual Reports Database of BSE and NSE Listed Companies 1999–2007 (DVD-ROM);

Annual Survey of Industries 1973–74 to 2003–04 Vol. II;

IMF Statistical Database (CD-ROM); and

World Development Indicators 2007 (CD-ROM).

Library

ISID has recently added to its collection reference readings comprising New Palgrave

Dictionary of Economics, Second Edition (8 Volumes); Handbook in Economics Series (60 Volumes) by Elsevier/North-Holland 2003; Encyclopedia of Cities and Towns in India (27 volumes) by Chief Editor, N Seshagiri, Gyan Publishing House, New Delhi 2008; and a good number of storage and display racks for books and journals sections have been added to the library. ISID has joined the ICSSR consortium for accessing E-journals such as JSTOR. JSTOR is a full text of digital archive of important scholarly and academic journal spanning many disciplines.

ISID Multimedia Production Series

In the honour of Prof. S.K. Goyal, the Media Centre, released the first of the ISID Multimedia Production Series, a CD-ROM titled *Small Scale Sector: Technology, Employment and Competition*, produced by Seema Goyal Papola and the Media Centre team. This is the first step in the direction of translating Prof. Goyal's vision of integrating social science research and new media technology. This CD is based on the working paper by Dr Partha Pratim Sahu titled *Adoption of Improved Technology in Indian Small-Scale Industries: Evidence from a Field Survey*.

Separate Audit Report of The Comptroller & Auditor General of India on the accounts of Indian Council of Social Science Research for the year ended 31 March 2009

We have audited the attached Balance Sheet of Indian Council of Social Science Research (ICSSR) as at 31 March 2009 and the Income & Expenditure Account, Receipt & Payment Account for the year ended on that date under Section 20(1) of the Comptroller & Auditor General's (Duties, Powers & Conditions of Service) Act, 1971. The audit has been entrusted for the period upto 2013-14. These financial Statements include the accounts of six regional centres of the ICSSR. These financial statements are the responsibility of the council's management. Our responsibility is to express an opinion in these financial statements based on our audit.

2. This Separate Audit Report contains the comments of the Comptroller and Auditor General of India (CAG) on the accounting treatment only with regard to classification, conformity with the best accounting practices, accounting standards and disclosure norms, etc. Audit observations on financial transactions with regard to compliance with the law, rules & regulations (Propriety and Regularity) and efficiency cum-performance aspects, etc., if any, are reported through Inspection Reports/CAG's Audit Reports separately.
3. We have conducted our audit in accordance with auditing standards generally accepted in India. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements. An audit includes examining on a test basis, evidence supporting the amounts and disclosure in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of financial statements. We believe that our audit provides a reasonable basis for our opinion.
4. Based on our audit, we report that :
 - (i) We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit.
 - (ii) The Balance Sheet and Income & Expenditure Account/Receipt & Payment Account dealt with by this report have been drawn up in the format prescribed by the Ministry of Finance.
 - (iii) In our opinion, proper books of accounts and other relevant records have been maintained by the ICSSR in so far as it appears from our examination of such books.
 - (iv) We further report that:

A Balance Sheet

A.1 Liabilities

A.1.1 Capital Fund

ICSSR Western Regional Centre, Mumbai, had shown an addition of Rs.88.23 lakh to fixed assets during the year 2008-09. However the Capital Fund (corresponding to fixed assets) was increased only by Rs.32.62 lakh, resulting in understatement of Capital fund by Rs.55.61 lakh.

A.1.2 Current liabilities and provisions (Sch. 7)

As per Accounting Policy No.10, provision for gratuity and leave encashment is accounted for based on actuarial valuation. However, no provision has been made except at ICSSR North Western Regional Centre, Chandigarh which has made a provision of Rs.93.02 lakh as on 31.03.2009. This provision has been shown in the Balance sheet as deferred credit liability instead of provision.

A.2 Fixed Assets

A.2.1 Depreciation (Sch. 10)

No depreciation had been provided on library books at ICSSR headquarters and on the fixed assets of its Southern Regional Centre, Hyderabad, since inception, resulting in overstatement of assets and understatement of expenditure.

B. General

B.1 Consolidation of accounts

Consolidated Receipts & Payments Account and Income & Expenditure Account of ICSSR headquarters and its six Regional centres have not been prepared. Two sets of Receipts & Payments Account and Income & Expenditure Account have been prepared i.e. one for ICSSR headquarters and another for its regional centres. These do not give a picture of the Income and Expenditure and closing cash/bank balances of ICSSR as a whole.

- B.2** As per Receipts and Payments Account of Regional Centre, Shillong, the opening cash balance/bank balance is Rs.9,12,341.96(cash-in-hand: Rs.810, and saving account: Rs.9,11,531.96). But in the Consolidated Receipts & Payments Account in respect of Regional Centres, cash-at-bank has been shown as Rs.14,13,508.96 i.e. excess by Rs.5,01,977 and no cash-in-hand has been shown. This needed reconciliation.

C. Grant-in-aid

During the year 2008-09, ICSSR received a total grant of Rs.53.02 crore (plan: Rs.25.00 crore and Non-Plan: Rs.28.02 crore) from the Government of India, Ministry of Human Resource Development, Department of Secondary & Higher Education. It had also generated its own receipt of Rs.0.61 crore (Non-Plan). Out of the total funds available, it utilized Rs.53.58 crore (Plan : Rs.24.57 crore and Non-Plan : Rs.29.01 crore). The excess expenditure under Plan was met from unspent balance of previous years.

In addition, Council also received plan grant of Rs.2.00 crore from the Ministry of Minority Affairs, out of which it utilized Rs.0.99 crore.

- D. Management letter :** Deficiencies which have not been included in the Audit Report have been brought to the notice of the Member Secretary, Indian Council of Social Science Research, through a management letter issued separately for remedial/ corrective action.
- v. Subject to our observations in the preceding paragraphs, we report that the Balance Sheet and Income and Expenditure Account/Receipts and Payments Account dealt with by this report are in agreement with the books of accounts.
 - vi. In our opinion and to the best of our information and according to the explanations given to us, the said financial statements read together with the Accounting Policies and Notes on Accounts, and subject to the significant matters stated above and other matters mentioned in Annexure to this Audit Report give a true and fair view in conformity with accounting principles generally accepted in India:
 - a. In so far as it relates to the Balance Sheet, of the state of affairs of the Indian Council of Social Science Research as at 31 March 2009; and
 - b. In so far as it relates to income and Expenditure Account of the surplus for the year ended on that date.

Annexure to Audit Report

1. Adequacy of internal audit system

ICSSR has an internal audit cell. All the files at headquarters are pre-checked by internal audit cell before making final payment.

The internal audit of six regional centres of ICSSR has not been conducted since 2006-07.

2. Adequacy of internal control system Monitoring

The management's response to statutory audit objections is not effective as 68 paras for the period from 2001-02 to 2007-08 are outstanding.

3. Physical verification of fixed assets

Physical verification of fixed assets except library books has not been conducted for the year 2008-09.

The physical verification of library books has not been conducted since inception.

4. Physical verification of inventory

Physical verification of inventory such as stationery and consumables etc. has not been conducted for the year 2008-09.

5. Regularity in payment of statutory dues

As per accounts, no statutory dues over six months were outstanding as on 31.3.2009.
